

When the Champions first came together **four key themes emerged** which direct our attention and our focus when telling the Coventry and Warwickshire story...

Event Central

This draws on our central location at the heart of the UK and a great wealth of cultural, sporting and conference facilities which draw millions of visitors to the area every year and making a significant contribution to the economy.

Innovation

Our Universities are world-renowned and are home to more than 50,000 students. Knowledge transfer partnerships between business and education is just one of the reasons we are home to global brands such as JLR, Aston Martin and PSA Peugeot Citroën.

Connection

When it comes to the question of location, Coventry & Warwickshire couldn't ask for more, at the very centre of the UK with a perfect balance between urban and rural living, proximity to Birmingham and just 50 minutes from London, our connectivity is unrivalled.
